**In one of the European countries is a discussion about closing stores and other business's on Sunday. Could you tell me please: Why is it important for the Government to preserve Sunday?**

A) It is not important what so ever. We should work seven days a week.

**B) Sunday is a genuine service to the good of society, because it is not just a time for our religious practices but also a time for families to be together and reconnect and time for rest. (CCC 2188, 2192-2193). Therefore in lands that have a Christian character, Christians not only demand the governmental preservation of Sunday, they also do not ask others to do work that they themselves do not want to do on Sunday. Everyone in creation should take part in this "breather".**

C) It is important that the Government preserves Sunday to be able to watch a hockey game.

During one of our family dinners this question came up: To whom does the Fourth Commandment refer to, and what does it require of us?

B) The Fourth Commandment refers in the first place to the Prime Minister of Canada.

C) The Fourth Commandment refers in the first place to one's physical parents, but also to the people to whom we owe our life, our well-being, our security, and our faith.
